SPACE JAM

Intergalactic Flavor Menu

Earth Edition

VENUS

Golden Roasted marshmallows, infused with peanut butter, drizzled with caramel and hints of cream.

ANDROMEDA

The original flavor made from our Mix Master. A unique blend of fresh, wild blueberries filled with an exotic pomegranite.

OMEGA

A sophisticated blend of delicious spiced peaches topped with a sweet cream that will take you out of this world.

STARSHIP 1

A savory mix of vanilla custard inhale with a succulent tropical kiwi on the exhale. Very similar to a Creme Brulee.

GALACTICA

Uniquely sweet, perfectly ripe, and genuinely delicious. Fresh strawberries wash over your taste buds with crisp champagne on the exhale.

ASTRO

The fruit vape you've been looking for. A tantalizing apple on the inhale with strawberry on the exhale.

PLUTO

A very delicate mix of watermelon, honeydew and cantalope, with a finish of bubble gum and the slightest hint of mint.

ECLIPSE

Eclipse is our sweet Cavendish tobacco with a sensational vanilla bean mix.
