

The background of the entire image is a repeating pattern of various e-liquid bottles. These bottles are depicted in a light gray line-art style against a dark gray background. The bottles vary in shape, size, and the design of their labels, some featuring circular or rectangular patterns. They are arranged in a dense, overlapping manner across the entire frame.

# VAPE BASE

PREMIUM VAPING SUPPLIES

Welcome to Vape Base, the UK's leading wholesaler of premium USA and UK made e-liquids. Our mission is to provide retailers in the UK and Europe with the latest quality e-liquids, at the best possible prices to maximise profits for retailers.

We hold large amounts of stock in our own distribution facility and have an experienced sales team of real vapers covering all areas of the UK.

## What Makes Our Service & Products Successful

### Known Brands

Our catalogue only features the best brands from the USA and UK who have a proven track record and existing market demand. We work in the UK with each brand to create brand awareness and market demand by attending vaping conventions in the UK/Europe, creating social media engagement, industry press and supporting nationwide vape-meets attended by our sales representatives.

### Experienced Sales Team

Our sales team is made up of real vapers with extensive sales experience in the vaping and electronic cigarette industry. By understanding how the industry is evolving and what vapers want, we will work with you to maximise conversions and repeat sales.

### Point Of Sale Material

All of our brands offer a varied array of in-store marketing materials to help with brand awareness and help generate demand. Counter display stands, flavour menus, clothing, posters, stickers and other marketing materials are available free of charge.

### Fast Delivery & No MOQ

We offer same working day dispatch and next working day delivery in the UK. Delivery is free on orders over £500 and there are no MOQ requirements with any of our brands and you can order online at any time of the day that suits you.

### Compliant Products

We are working closely with each one of our partnering brands to ensure their products will be fully TPD compliant, ensuring the longevity of the brands – and your sales.

# BEARD

## Vape Co.

Beard Vape originated as the product of dedicated Californian juice makers who started out with their own vaping stores in the US before making their excellent juices available to a wider audience. The names of their eLiquids might only be numbers, but the flavours themselves are uncompromisingly delicious, with blends such as Cinnamon Funnel Cake, a Sweet and Sour Sugar Peach and a Salted Caramel Malt.

## TPD COMPLIANT STOCK COMING SOON

With November 20th not far around the corner we know that one of the main concerns is which brands are going to go through the testing and notification procedures to ensure they have a compliant product. All of the brands listed on this page are in the process of submitting their notifications and will have compliant 10ml products available within the deadlines. Please keep an eye on the website or speak with your account manager for updates on when the stock will be available.

With an array of accompanying accessories and point of sale items, we've got you covered for all brand related merchandise to go with your wholesale order. We can supply display stands, laminated menus, stickers, printed drip tips, caps, and t-shirts; and with these, you'll be able to exhibit your chosen brand in all areas of presentation.
