PREMIUM VAPING SUPPLIES

Welcome to Vape Base, the UK's leading wholesaler of premium USA and UK made e-liquids. Our mission is to provide retailers in the UK and Europe with the latest quality e-liquids, at the best possible prices to maximise profits for retailers.

We hold large amounts of stock in our own distribution facility and have an experienced sales team of real vapers covering all areas of the UK.

## What Makes Our Service & Products Successful

### Known Brands

Our catalogue only features the best brands from the USA and UK who have a proven track record and existing market demand. We work in the UK with each brand to create brand awareness and market demand by attending vaping conventions in the UK/Europe, creating social media engagement, industry press and supporting nationwide vape-meets attended by our sales representatives.

### Experienced Sales Team

Our sales team is made up of real vapers with extensive sales experience in the vaping and electronic cigarette industry. By understanding how the industry is evolving and what vapers want, we will work with you to maximise conversions and repeat sales.

### Point Of Sale Material

All of our brands offer a varied array of in-store marketing materials to help with brand awareness and help generate demand. Counter display stands, flavour menus, clothing, posters, stickers and other marketing materials are available free of charge.

### Fast Delivery & No MOQ

We offer same working day dispatch and next working day delivery in the UK. Delivery is free on orders over £500 and there are no MOQ requirements with any of our brands and you can order online at any time of the day that suits you.

### Compliant Products

We are working closely with each one of our partnering brands to ensure their products are fully TRPR compliant, ensuring the longevity of the brands – and your sales.

# BEARD

## Vape Co.

Beard Vape originated as the product of dedicated Californian juice makers who started out with their own vaping stores in the US before making their excellent juices available to a wider audience. The names of their eLiquids might only be numbers, but the flavours themselves are uncompromisingly delicious, with blends such as Cinnamon Funnel Cake, a Sweet and Sour Sugar Peach and a Salted Caramel Malt.
